NISSAN: THE BIBLICAL SHIFT IS HERE

Last year, just before NISSAN began, the Holy Spirit gave this vision, which continues until today, but there is more yet.

Just prior to the beginning of **Nissan**, during a time of prayer and worship, a vision was had of a plumb line over Israel, but just like the pendulum of a clock, the plumb line was swinging back and forth slowly until it finally came to a stop over Israel. As it did, not only was Israel judged, but the nations of the world followed suit as though in the crosshairs of a tidal wave after an earthquake. It was not the end of the age that was being seen, but clearly current events this NISSAN, which will shake Israel and the globe. We are seeing it now, but this is just the beginning, believe it or not. The shock waves of the tsunami that are coming will not just be one but many, so get ready to ride the waves or be pummeled by them instead. In parallel, **we are being called as watchmen on the walls and gatekeepers of our families**, businesses, congregations, communities, cities, nations, etc. as this shaking goes forth from Israel to the ends of the earth. The shakings will worsen, but *“we have not been given a spirit of fear, but of a sound mind and of power and of love and of sound judgment and personal discipline”* (2 Timothy 1:7).

Now that we have entered Nissan 1, the Biblical beginning of the new year (Exodus 12:2), not only have the tidal waves in the Spirit gone forth, but the Ekklesias of more nations than ever before have been mobilized on assignment, led by the Holy Spirit specifically to declare and decree the Word of God over their countries and regions. **The plumb line over Israel** has shaken and is shaking that which can be shaken in the heavens and the earth.

While great devastation is being brought upon Iran’s government and military at the moment and has caused chaos in nearly every country in the Middle East, as well as many countries worldwide through oil prices skyrocketing, the ripple effects of last year at this time just got exponentially larger. It is clearly a marker on the Biblical timeline for now and for what may very well be approaching quickly. When this war comes to a close, no telling when that may be just yet, but when it does, ***this world and how we once knew it will have been changed completely.*** The global political and economic landscape is being and will be utterly reshaped. Alliances once strong will falter and fail, alliances which seemed unlikely or impossible will take form, and the darkness will certainly grow darker over the face of the earth. It may not look this way immediately, but rest assured the tidal waves of the pendulum plumb line over Israel will be far greater and much clearer all the way to the ends of the earth.

EXODUS IN FOCUS

Towards the end of Israel’s enslavement in Egypt, things had gone from bad to worse: the killing of every firstborn child, extra work, longer hours, and a growing fear from the Egyptians that Israel would overtake them. **That is happening now** amongst the body of Yeshua globally, of those who have woken up to the Biblical reality we are currently in, awakened and stirred into righteous purpose across the globe. Many believers don’t realize it now, but the fallen kingdom of darkness is more uneasy with this trend than ever before.

"And he (Pharaoh) said to his people, 'Look, the people of the children of Israel are more and mightier than we; come, let us deal shrewdly with them, lest they multiply, and it happen, in the event of war, that they also join our enemies and fight against us, and so go up out of the land.'" (Exodus 1:9-10)

In parallel, Believers globally are waking up to the fact that we are stuck in a mindset and **system that wants to keep us as slaves** to fallen and unrighteous evil rulers, authorities, the cosmic powers over this present darkness, and the spiritual forces of evil in the heavenly places (Ephesians 6:12).

As we multiply, even and especially against greater hardship, persecution, and bombardment from endless sources against our minds, **just as the Israelites in Egypt**, a threshold is being reached, and heavenly interference is unfolding even as the days grow darker.

Countries, regions, and entire ethnos are remembering who God has called them to be, and as the sons and daughters of God begin to answer the call upon their lives, just as Moses and Aaron did, entire countries and regions are on the brink of divine intervention and an Exodus from the slave mindset which has beheld the 99. The greatest jailbreak in history is in the making, but it takes our complete humility and obedience to take action according to God’s individual destinies over our lives, each as a different part of the body of Yeshua, as well as knowing our national destinies and communicating, as a family under God, each role we play as a part of the greater global picture and story unfolding before us. Through this process, **true Ekklesias are beginning to form across generations and nations**, a frightening reality for the fallen kingdom of darkness, which has had its way with us for such a long time. But also equally as challenging for ourselves as sons and daughters of God who are still freshly being delivered from years and generations of an old wine mindset that has stopped aging well.

PESACH (PASSOVER) IN FOCUS

From the Exodus in Egypt to Pesach (*Passover*), which precluded Yeshua’s death and resurrection, we have another insight this Nissan as we approach PESACH, the month (*April 1-April 9*). **The night is always darkest before the dawn.** Israel’s exodus is marked by Passover, and our exodus has been as well. However, the mindset of Egypt has been very well maintained by Satan the world over, even amongst believers globally. When Yeshua said, renew your mind daily with the Word, it was because He was present when God was renewing the minds of the Israelites through the desert before entering the PROMISED LAND.

It was not a figurative renewal of the mind but a life-or-death trial in understanding that God provides all things even where there is nothing in the natural to sustain life. The trials of Israel and Israel’s victories show us our own struggle this Nissan of obedience and disobedience, victory and rebuke, all to be of the same mind as Yahweh. Yeshua Himself is the standard by which we now have the ability to live through the indwelling and leading of the Holy Spirit, our reminder this Nissan as we enter into unparalleled times and fulfillment of Biblical prophecy. Times are about to get harder and darker in the natural in ways we could not fathom even 5 years ago. The world is about to go through changes that are only described by the days of Noah, Lot, and Elijah. **This means times of great shaking**, but for those who will seek the face of God, renew their minds daily, and realize that the Father is looking for a family that knows Him and His Son intimately, you will be the ones who burn too hot to be quenched, *who persevere in the joy of the Lord and are led and guided by divine strategy*, power, and perfect love as Yahweh sets a table before you in the midst of your enemies.

**DARKEST BEFORE
THE DAWN**
(PERSONAL, CORPORATE, GLOBAL)

In the upper room during **Pesach** with Yeshua and His disciples, we may not realize it, but *He was giving the battle plan and the blueprint of heaven* for what it looks like to be Kingdom family, both vertically in communion and relationship with the Father and with Yeshua, and horizontally on this earth with our brethren in the midst of those who hate you and curse us. It is this blueprint that He is reminding us of both individually, with our immediate families, those God has brought into our company, and our brothers and sisters around the globe, then and now.

While the wiles of the fallen kingdom of darkness attempt to eradicate this blueprint, and as we find ourselves in the midst of radical global change bringing us into a place in the Biblical timeline most acute, we are hard-pressed on all sides to revert back to our natural instincts, old habits that die hard, and a desire to return to previous realities and comforts just as the Israelites did in the desert and the disciples of Yeshua after His death and burial. **But the night is always darkest before the dawn**, a feeling many of us have felt before just before *divine breakthrough*, and for many of us something we have tried to avoid as best we can, until we cannot.

We are entering into such a time. Many are feeling this in their personal lives right now, and far more will feel and experience this in the coming months and year to come; however, remember and hold fast because despite the troubles to come that Yeshua spoke clearly of in *Matthew 24*, He also reminded His disciples time and time again that He would die and be raised up on the third day, and that despite the great turmoil that would befall us in the end times in Revelation, a generation would be molded, guided, and raised up in such a time as this to be THE JOHN 17 GENERATION. We are called to be the Shamans of this generation ((2 Samuel 23:11). Watch for more context and who you are being called to be here and now. (<https://www.youtube.com/watch?v=BYtCfi5zeWs>)

SHIPWRECK RISING FROM THE DEPTHS

In a recent VISION during a time of three countries coming together in a gathering before God and men to reconcile, repent, and **come together in the oneness of the Holy Spirit**, understanding each country’s God-given destiny and the need for one another in this time and season as different parts of the Body of Yeshua, I had a vision that speaks to every person and every nation.

VISION 1

The first vision we had while worshipping at the beginning was of a navigation map of three countries with a border of red, white, and blue intermittently. I saw two hands fold the map together as an act of all three countries **becoming one**.

VISION 2

I was taken in the Spirit, flying over the region over the seas, seeing the green mountains around me, and there was *a clear luminescent film over the waters* that was being pulled up, and as it was pulled up, rainbows took its place, **a reminder of the promises of God** that had been concealed and sealed by the enemy.

VISION 3

As the shofars blew at the end of the gathering, I saw a shipwreck at the bottom of the sea which began to be repaired and rise above the waters as a whole ship representing these three countries.

The film over the seas, the concealer which had deceived the people of these countries into believing there was no hope for a resurrection of God's given destiny between the three, had been removed through reconciliation, repentance, ***and gathering together at God's table as the brethren should.*** The hull was sound and sails set completely, restored now, riding the waves valiantly. However, on the horizon was a storm gathering with intensity, but God's family, both vertically and horizontally across all generations, had healed the wound via the blueprint given on the day Yeshua sat with His disciples at **the Pesach table**. Yes, a storm is brewing and clearly seen on the horizon, but through the war plan of King Yeshua in the oneness of the Holy Spirit, that storm will be faced, navigated, and overcome by He whom the waves and winds know by name and are quieted at the sound of His voice.

May this be an encouragement to you this Nissan, and may the God of Israel lead you and guide you, **encourage and empower you**, and cause you to stand upon the rock of Salvation when others would flee or retreat back into old habits and ways. You are called, and when called, God does not turn His back on those who answer it, but gives **greater bravery, faith, hope, and the Spirit of Might** when we believe and stand on His promises and perfect love gained through Yeshua's perfect victory that destroyed the deception of Satan's power, defeating sin and death.

Arise and shine, sons and daughters of God! Yahweh bless you and keep you!
